

St Joseph's Eco-Council

This Term

The Eco-Council have been very busy this term helping to care for the environment. We have been harvesting fruits and vegetables from our kitchen garden and completing an environmental audit in each class. We have also helped to introduce a new Walk to School challenge in each classroom. Each class has been completing a daily classroom tracker and at the end of the term some of the children from each class were awarded with a recycled badge to wear on their uniform if they had walked more than 3 times in a month.

Latest news

This is how many badges were awarded to each class:

YR – 19
Y1 – 20
Y2 – 21
Y3 – 11
Y4 – 20
Y5 – 7
Y6 – 12

Did you know...?

An estimated 80% of the world's forests have already been lost to deforestation.

Global warming stems from manmade causes.

Windmills were used as far back as 200BC to pump water and grind grain.

Only 3% of our planet's water is drinkable.

“ I felt very happy to be awarded with my badge because I knew that I was helping the environment. I am going to try and get another badge next term.

Braydon Y3

Well done to Year 2 who earned the most badges!

Eco top tips

Swap your old toys with someone else instead of buying new ones.

Keep a food waste diary to find out how much food you are wasting.

Grow your own vegetables.

Have a meat free Monday (or any day of the week).

Have more lessons outdoor (ask your teacher if you can plan some for when the weather is warmer).
