

Firstly, following our elections, the School Council was formed.

Throughout this Autumn term we have held 4 meetings, in which we have learnt to follow agendas, take minutes and give apologies for our classmates if they are absent.

We have enjoyed discussing how to further improve our school along with taking information and questions back to our classes to share and discuss further.

The photo below is taken from our last meeting in which Miss Daley shared the tablecloths and the 'scratch and sniff' stickers which have been bought to hand out to children when they attend TOP TABLE. This was an action from the previous meeting. We are starting TOP TABLE again after Christmas.

First one is for School Council children only on Friday 6th January 2023, where we will learn how to set it up and create a rota.

We are excited!

TOP TABLE is when you have lunch with Miss Daley in the Oasis every Friday. If you are chosen by your class teacher, you can choose a friend to take with you.

You will be selected for **TOP TABLE** if you show good behaviour on the playground and in the classroom.

Here are some of the things we discussed in our 4 meetings this term:

- Shall we re-introduce TOP TABLE? How do you earn your place? We selected three options which School Council came up with and went back to class to vote. Pupils decide.
- Do we need more bins on the Playground? Compost bins for toast?
- Given we have a NUT FREE school kitchen, how can we further raise the profile throughout the school?
- Create a list of how we'd like to spend the money raised by FOSJ (PTA)?
- If we had a school tuck shop, what would we sell, how would it be run, would it replace milk and toast? Talked at length about the difficulty of considering allergies & intolerances and keeping the cost down.
- Can we improve the toilets in anyway? Hand dryers in the infant toilets are loud and a bit scary.
- Discussed playground equipment. Basketball nets for KS1 playground.
- Replace milk buckets & order more bamboo milk cups.
