

School Council Newsletter

We have completed another full school year and it has been super busy. As a School Council we have made lots of decisions throughout the year and allowed children's voices to be heard. Since our last NEWSLETTER we have:

- At the start of this last half term, we spoke to all the Parents of the new Reception class starting in September 2023 at the New Starter Meeting.

- Had an update on the work on the school toilets – Work begins during the summer holidays and will be completed in time for when school reopens in September.
- We have purchased playground equipment for each class to play with during lunch time and playtimes.
- During the 'hot weather spell' we had an emergency meeting and Miss Daley asked what we thought was the best thing to do regarding school uniform. We had a vote and decided to wear our PE kits to school as a cooler option. See PING below.
- We fixed the infant bin so that it can be used again. Thank you to our Governor and member of FOSJ PTA Mrs Caulfield (Jessica and Emeli's mum) for replacing the inside of the bin.

We look forward to sharing our before and after photos of the KS1 toilets on our return in September. Have a great Summer everyone from your School Council.
