Boys

Before and After photographs of the KS1 Toilets 31.08.2023

They are lighter and brighter, more child friendly.

Clean communal sinks with better taps and mirrors.

New floor throughout and automatic lighting which is on a sensor.

Bright and slightly shorter cubicle doors.

No main doors so open plan. Two different size toilets and sinks for Reception and KS1 children.

Quieter hand dryers.

You may notice some tiles are open on the ceiling. They are coming back to fix this, as there was a leak and they are allowing it to dry out.
