## Spring Term 2024

Art Council have had a very busy but exciting Spring term! They are really helping to raise the profile of Art across St Joseph's and we are all so proud of them for taking their roles so seriously and inspiring others to engage with Art activities.

At the beginning of Spring Term, we met to open up the Art suggestion boxes which we had put in place in Autumn Term. This was exciting! It was great to see that so many children had made suggestions for how to develop Art across the school. Some suggestions such as "Do Art everyday!" were a little difficult to achieve. However, a few children suggested that we should do more Art projects and we certainly feel that we have achieved that this term!

We then met at the beginning of February to discuss an Art competition which the Science website "Explorify" had launched. Children had to show their Science learning in a piece of art. Art Council were excited to launch the competition in our school and tell all children what they needed to do to enter.

We then met in March. What a massive task! We could only enter 6 pieces of work into the competition and every child in school had produced a piece of Art. It was Art Council's job to shortlist. Brendan, Zoe and Michalina shortlisted work for the 7 and under category and Zahra and Frankie shortlisted entries for the 7+.

It was a very difficult job to choose only 6 entries but I was proud of how well the Art Council worked together to choose the finalists. I'm sure you'll agree they made some great decisions.

Carter- Year 6

Nancy -Year 2

Luke– Reception & Freya Y1

Michalina– Y4

Lana– Y5
